

Music library services in the digital age

Challenges and possibilities

Challenges

- Collections – format vs content, open or closed stacks
- Collections – culling/weeding (demands and priorities)
- Staff – qualified, how many?
- Hours staffed with expertise – music expertise spread
- Music librarianship education
- “Everything is available online anyway”
- Digital services + Metadata

Lytt

Den 18. april 1765 ble Bergen invadert av bønder som protesterte mot det høye skattetrykket. Denne begivenheten har senere blitt omtalt som Strilekrigen. Men hva var bakgrunnen for opprøret, og hva skjedde under tumultene? Er det dessuten riktig å kalle opptøyene for en strilekrig, eller var bergenserne like delaktige i begivenhetene? Litterær lunsj servert av historiker Bjørn Bagge.
